5.1 Two similar chicanes are on the track; the **second** one is 710 m from the start and the **third** one 4350 m from the start.

THE SECOND ROW OF TIRES STACKS IS OPENED TO MAKE POSSIBLE AN "EMERGENCY EXIT".

In case of a technical problem or a too late braking point, an "emergency passage" through the chicane is available for the drivers.

The chicane is designed according to the drawing:

Šikana - hindrance

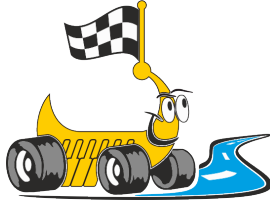

In order to avoid a competitive advantage due to the incorrect passage of the chicane each wrong passage will be reported without exception to the clerk of the course / Stewards. Therefore, on-site judges of fact are nominated.

Any incorrect passage will be penalized with a time penalty of 45 seconds!

This time penalty will be added to the total driving time in the respective practice / racecourse.

The emergency exit is for security purposes only and must not be used illegally!

Every wrong passage is penalized. Wrong passage means, that the driver avoids (intentionally or not) to drive through the chicane, but instead bypass straight through the safety lane.
In case the driver drives through the chicane correctly, but touches or crashes or moves the chicane, he will not be penalized, because this is not a wrong passage.
